# MEMO

**Date:** 12/20/2007

**To:** Tribal Members

**From:** Cookie Francis-Ferland

**RE:** Lifetime Licenses

---

Effective immediately the Penobscot Nation Department of Natural Resources will issue hunting licenses as usual but the State of Maine license will be a lifetime license. I will mail your license as done in prior years but at some time in 2008 the Maine Department of Inland Fisheries will mail you a permanent card, until you receive that permanent card you will need to carry the paper license that has been issued to you. Please note that this does not include the tribal sustenance license you must still request this license every year.

If you have any questions or concerns regarding the lifetime licenses please don't hesitate to call me at (207)817-7331.

Thank you.
